

**TAX URGED TO COVER WAR COSTS**

Mrs. Mary Fels, Widow of Philadelphia Philanthropist, Launches Movement

A news bureau to spread the principles of a single tax has been established in New York City by Mrs. Mary Fels, of Philadelphia, widow of Joseph Fels, the Philadelphia philanthropist, single tax advocate and manufacturer, who left funds in six countries to carry on single tax education.

A movement for a Federal tax on lands as a war and peace measure was the first announcement made by the bureau, which issued its first statement yesterday. The Fels International Commission backs the movement.

The bureau is known as the People's News Bureau. While it is the press bureau of the Fels International Commission, devoted to single tax, it will also send out for publication news dealing with a wide variety of subjects, according to Mrs. Fels. It will send free weekly letters to farm journals, labor publications and daily newspapers on international relations, labor, Government ownership, the land problem and allied subjects.

Mrs. Fels herself heads the list of editors. Others are Frederick C. Howe, Commissioner of Immigration, New York; John W. Dunbar and George P. West.

The nation-wide movement for land taxes, according to the statement, is endorsed by Herbert Quick, of the Federal Farm Loan Board, and other authorities. In a letter to Secretary McAdoo and members of Congress Mrs. Fels asserts that a tax on land values would yield ample revenue and also increase food production.

**WEST CHESTER PLANT WORKERS TO RAISE FLAG**

Employees of Wheel Factory Will Have Patriotic Parade—Many Will Join Army

WEST CHESTER April 6.—Three hundred employees of the West Chester Wheel Works with a band will parade tomorrow and raise a flag purchased by them at the establishment.

Sergeant J. Paul MacElreath, Captain John G. Coffey, of Company I, Sixth Regiment, and Sergeant Edward Darlington will make addresses and the employees will sing patriotic airs.

Scores of young men of this place will be recruited, and a large number have already left their names as applicants for positions in the quartermaster's department of the regular army. Industrial plants will pay salaries of all men who enlist during their absence on duty.

**BRIDEGROOM DESERTS GUARD**

Narberth Man Attempts Suicide After Arrest for Quitting

Leon Schwartz, of Narberth, the son of a tailor there and a private in Company G, First Regiment, is the first guardsman to be charged with desertion since the National Guard was ordered out at the instance of President Wilson. Confined in a cell in the basement of the armory, Schwartz yesterday attempted suicide, but a sentry prevented him. His court-martial will be held later in the week.

This is Schwartz's second enlistment with the First. He served with his company on the border. According to his father, he is engaged to be married, and plans for the wedding June 14 had been made when he received the summons to join his regiment. Schwartz failed to respond and Police-Constable Daniel Hill, of Narberth, was ordered to arrest him last Sunday. His fiancée was present when the policeman appeared to take the soldier into custody.

Schwartz's father obtained a physician's certificate and took it to the adjutant of the regiment. It purports to show Schwartz has a weak heart and bad eyes and is unfit for active service.

**Whirled in Cornsheller Belt**

LANCASTER, Pa., April 6.—Caught in a swift-moving belt of a big cornsheller last evening, Harry D. Hoster, of Mount Joy, was swung around for almost five minutes before other employees on the farm could stop the engine. His hip was badly lacerated, but he was still alive this morning. Physicians at the General Hospital, where he was taken, do not think he can recover.

**Hand Turned Pump**

Wing Tip Effect Patent or Gun Metal
